Approximatey 0.75 mile southeast of the intersection of North Muncie Pike and CR900N in Henry County.\

4. Affected waterbody: Unnamed Tributaries of Clift Ditch

5. Project Description: It is proposed to discharge fill material into 3 drainage ditches: 750 linear feet of Ditch 1; 850 linear feet of Ditch 2 and 600 feet of the Ditch 3. The purpose of the activity is to create wet soil conditions and subsequenly 50 acres wetlands. The 50 acres of wetlands will become a wetland mitigation bank.

Comment period: Any person or entity who wishes to submit comments or information relevant to the aforementioned project may do so by the closing date noted above. Only comments or information related to water quality or potential impacts of the project on water quality can be considered by IDEM in the water quality certification review process.

Public Hearing: Any person may submit a written request that a public hearing be held to consider issues related to water quality in connection with the project detailed in this notice. The request for a hearing should be submitted within the comment period to be considered timely. The request should also state the reason for the public hearing as specifically as possible to assist IDEM in determining whether a public hearing is warranted.

Questions? Additional information may be obtained from Mr. Marty Maupin, Project Manager, at 317-233-2471. Please address all correspondence to the project manager and reference the IDEM project identification number listed on this notice. Indicate if you wish to receive a copy of IDEM's final decision.
